Zodiac Secrets of the Sensual Sagittarius Woman

You are among the people most likely to have a sultry, sensual air about you.

You exude the kind of aura that stops traffic at fifty feet. You have a way of commanding attention and drawing admiration that is subtle yet hypnotic. Without meaning to be seductive, you just are. You radiate confidence and a feminine sexuality that makes you very appealing.

Energetic, Outgoing and Passionate!

You approach life with enthusiasm. You love to have fun. You love to entertain. You love deep conversations. You enjoy living, loving and laughing out loud. Doing things on a small scale is not your way. You want to experience all the luxurious and wonderful things that life has to offer: the passion, the glamour, the romance, the adventure and the excitement of it all.

Generous, Open-hearted and Optimistic

You are driven to champion the underdog, even at great cost to yourself. You believe in living your life, and allowing others to live theirs. You always look for the good that comes from a bad situation and you have an uncanny way of knowing how to turn the many lemons that life throws your way into lemonade.

There's no room for average in YOUR bedroom.

You are attracted to partners who bring the total package. They must have brains, brawn, romance and adventure. You want a lover who is at least as imaginative, creative and as uninhibited as you are. You want sex that is both unexpected and pleasurable at the same time.

Here's a little known secret about you:

At times, you can be a world-class flirt! You love to tease, tantalize and play sexual games with the ones you find attractive. If your brand of sex appeal was a perfume, it might be called "Blaze!" Why? When it comes to sex, you don't just want to make love – you want to make fireworks!

How to seduce you?

Pursuit! You enjoy the feeling of being pursued, being desired and admired by your lovers. Flowers, cards and candy are not enough and too cliché. You are attracted to men who are willing to put in the effort to win your affections. You respond to a man who is willing to bring more than average romance skills. To win YOUR heart – he needs to go above and beyond the ordinary.

(Secretly) Your deepest fantasy is to...

...dominate your mate. Just for one night, you are in total control, you call the shots, you say when, you say where, you make all the decisions. He has to surrender.

Who's the Sensual Sagittarius man?

He's mischievous, charming, and totally irresistible. He's the most popular guy at every party, the best dressed guy at the office and the one man every girl secretly

admires. He's confident, witty and outgoing. Adventure is his biggest turn on and fun is the only thing he takes seriously.

Explorer, Adventurer and Lover of Life

This guy has enough energy to power a small city. He loves sports, competition and the great outdoors. Never say never – this is his motto. He lives for the moment. Whether it's snowboarding in New Zealand, hot air ballooning over New Mexico or swimming with the great whites off the coast of South Africa, this adventurous guy is game to try anything once or twice.

His secret sexual fantasy?

A woman who's hard to get. The Sensual Sagittarius man loves the chase. It's the hunt; the chance to pursue and pursue passionately that captures his interest. The key to keeping him fascinated is to play hard to get and not to give in too quickly.

What attracts a Sensual Sagittarius man?

The key word for him is challenge. For him, sex is best when it's hard to get. He's attracted to women who are attracted to him, and still make him work to earn her affections. Loving, kissing, holding, fondling, touching, craving, yearning are all one big adventure for him. When he makes love to you, he wants to overwhelm you. He wants to stamp out the memory of any man who's been with you before.

His biggest turn-off?

Needy women who can't live without him. He wants to be wanted, but not needed. Some guys are turned on by devotion, but not the Sensual Sagittarius. He's looking for a partnership not an ownership.

(Secretly) He's looking for a woman who accepts him just as he is.

One who does not feel she needs to change him, direct him or modify him in anyway. His deepest dream, his most secret fantasy is to find a partner who likes and loves him just the way he is.

How to drive him wild in (and out) of bed.

1. Listen to his silly, goofy stories and laugh as hard as you can.
2. When he takes off to go bike riding in Peru, prepare him a care basket and never let him see you cry.
3. Applaud him every time he passes a mirror.

4. On his birthday, send his mother flowers to thank her for doing such a great job.
5. Wear lingerie with lots of laces, buttons and hooks – make it difficult for him to get the prize from the cereal box.
6. Play hard to get – even when you are a sure thing. Play hide and seek and turn off the lights and make him find you in the dark.
7. Remember, challenge is the name of his game. Don't be quick to give in. Keep the gates of heaven firmly closed until he's on his knees begging, pleading, cajoling, and demanding to be let into let in.
