Sex Secrets of the Sensual Scorpio Man

Ultimate Sensual Scorpio Celebrity: Leonardo DiCaprio

Who's the Sensual Scorpio man?

Two words come to mind. The first word is: intense. The other word is: sexual.

The ultimate strategist...he constantly keeps his eye on the prize. Hugely secretive, this Sensual Scorpio man is one of the most complex guys of the

entire Sensual Zodiac. He has formidable energy and hidden undercurrents that run deeper than the Pacific Ocean. Sometimes he gives the appearance of the strong and silent type - calm on the outside yet dark and mysterious on the inside.

What attracts a Sensual Scorpio man?

The key word here is fresh. He loves anything that presents a sense of adventure. For him sex is best when it's spontaneous and unrestricted. When he makes love to you, he expects to be swept away on a voyage of explorations. He loves to experiment. He gets excited at the thought of taking things to the limit... and beyond.

(Secretly) He's looking for the female version of himself.

A partner equal to him in excitement and one that can still live without him. As strange as it may sound, Sensual Scorpio men are turned on by women who can take care of themselves. Independence and self-sufficiency are his ultimate aphrodisiacs.

Ten ways to seduce a Sensual Scorpio man:

- 1. Play the flavor game.** Buy a few different kinds of flavored body lotion. Try the Fireworks Sampler...rubbing them on different parts of your body. Have fun playing "Guess That Flavor." Is it hot fudge...cherry? Watch as this game triggers his taste buds and wakes up his sensual nature.
- 2. Make out more. Kiss, lick and nibble the back of his neck.** This extra-sensitive spot activates nerve endings in his genitals.
- 3. Woman on top.** When you're on top of him during the act, raise your knees, plant your feet on the bed and move up and down rather than back and forth. This position gives him an incredible view of the action down below.
- 4. Morning tease.** Give him a morning peep show by doing a reverse striptease. Put on a sultry CD standing well within his viewing range. Get dressed slowly, swaying your hips and moving your body.
- 5. Wear just high heels to bed.**
- 6. Mix it up.** During intercourse, switch to oral sex and then back every once in a while. Alternating sensations will make it even more exhilarating for both of you.

7. Give him the red light special. Give your bedroom a glow by draping a red scarf over the bedside lamp. The dusky-hue will make your skin look erotic and extra touchable.

8. Praise and amaze him. During foreplay, pick a part of his body that's your favorite and praise it to the skies. Start with something like... "You've got the most handsome (legs, back, chest, lips)." Tell him what exactly you like.

9. Kiss his hand. Take his hand and press your lips firmly into the palm, flicking your tongue over the area. This spot is a pressure point for his libido.

10. Drive him crazy. Drive him crazy by kissing around, but not on, your lover's privates. Starting right below the navel, slowly make your way over to his thigh, and then to the other thigh, slowly spiraling inward.

**Best Passion Product for the Sensual Scorpio man:
D'Lickious™**

Why? Because oral loving is his second favorite way to make love. With D'Lickious he's more than just any man, he's the candy man.
